# **Federal Requirements - Specific Program Assurances**

In order to request funding, LEAs must agree to the following assurances and ensure that schools served substantially help children meet Florida's challenging academic standards.

Assurance 1, Collaboration: The LEA plan was developed with timely and meaningful consultation with teachers, principals, other school leaders, paraprofessionals, specialized instructional support personnel, charter school leaders (in a LEA that has charter schools), administrators (including administrators of

programs described in other parts of this Title), other appropriate school personnel, and parents of children in schools served under Title I.  $\hat{A}$  §1112(a)(1)(A)

**Assurance 2, Coordination of Programs:** As appropriate, the LEA plan is coordinated with other programs under ESSA, the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the Rehabilitation Act of 1973 (20 U.S.C. 701 et seq.), the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.), the Workforce Innovation and Opportunity Act (29 U.S.C. 3101 et seq.), the Head Start Act (42 U.S.C. 9831 et seq.), the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11301 et seq.), the Adult Education and Family Literacy Act (29 U.S.C. 3271 et seq.), and other Acts as appropriate. A§1112(a)(1)(B)

Assurance 3, Migratory Children: The LEA will ensure that migratory and formerly migratory children who are eligible to receive services under this part are selected to receive such services on the same basis as other children who are selected to receive services under this part.  $\hat{A}$  §1112(c)(1)

Assurance 4, Private Schools: The LEA will provide services to eligible children attending private elementary schools and secondary schools in accordance with section 1117, and timely and meaningful consultation with private school officials regarding such services.  $\hat{A}$  §1112(c)(2)

**Assurance 5, NAEP:** The LEA will participate, if selected, in the National Assessment of Educational Progress (NAEP) in reading and mathematics in grades 4 and 8 carried out under section 303(b)(3) of the National Assessment of Educational Progress Authorization Act (20 U.S.C. 9622(b)(3)). §1112(c)(3)

Assurance 6, Cross Coordination: The LEA will coordinate and integrate services provided under Title I with other educational services at the LEA or individual school level, such as services for English learners, children with disabilities, migratory children, American Indian, Alaska Native, and Native Hawaiian children, and homeless children and youths, in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program.  $\hat{A}$  §1112(c)(4)

Assurance 7, Child Welfare Agency Point of Contact: The LEA will collaborate with the state or local child welfare agency to designate a point of contact if the corresponding child welfare agency notifies the LEA, in writing, that the agency has designated an employee to serve as a point of contact for the LEA.  $\hat{A}$  §1112(c)(5)(A)

Assurance 8, Child Welfare Agency Procedures: The LEA will collaborate with the state or local child welfare agency to develop and implement clear written procedures governing how transportation to maintain children in foster care in their school of origin when in their best interest will be provided, arranged, and funded for the duration of the time in foster care. The procedures will:

- ensure that children in foster care needing transportation to the school of origin will promptly receive transportation in a cost-effective manner and in accordance with section 475(4)(A) of the Social Security Act (42 U.S.C. 675(4)(A)); and
- ensure that, if there are additional costs incurred in providing transportation to maintain children in foster care in their schools of origin, the LEA will provide transportation to the school of origin if

- the local child welfare agency agrees to reimburse the LEA for the cost of such transportation;
- the LEA agrees to pay for the cost of such transportation; or
- the LEA and the local child welfare agency agree to share the cost of such transportation. §1112(c)(5)(B)

Assurance 9, Certification: The LEA will ensure that all teachers and paraprofessionals working in a program supported with funds under this part meet applicable state certification and licensure requirements, including any requirements for certification obtained through alternative routes to certification.  $\hat{A}$  \$1112(c)(6). The LEA will also ensure parents are notified appropriately according to the "Parents Right-To-Know" provision.  $\hat{A}$  \$1112(e)(1)(A-B)

- At the start of each school year (in a timely manner), and LEA that receives Title I, Part A funds must inform/notify parents of each student attending a Title I school that they have the right to request information about their child's classroom teacher and, if applicable, the services provided by their paraprofessionals, as well as the paraprofessionals qualifications.
- When a child is taught for 4 or more consecutive weeks by a teacher who is non-state certified or state-certified, but teaching out-of-field, the LEA must provide written notification to each parent in a timely manner. This notification should be timely and in letter form on LEA or school letterhead. Newsletters are not always timely and bring about providing information about a teacher's qualification for a specific classroom or grade that does not affect all parents. Notification may be disseminated via student backpack, U.S. mail, and meeting with parents.

Assurance 10, Early Childhood Education: In the case of a LEA that chooses to use Title, I, Part A funds to provide early childhood education services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act (42 U.S.C. 9836a(a)).  $\hat{A}$ §1112(c)(7)

Assurance 11a, Parent Consultation: The LEA will ensure that in order to receive parent and family engagement funds under section 1116 the agency will conduct outreach to all parents and family members and implement programs, activities, and procedures for the involvement of parents and family members in programs assisted under this part consistent with section 1116. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

	b. Identify if the activity is at the school level and include the evidence-based research for each activity. The four levels of evidence may be used.
	(Numbering the activities will be essential to connect each activity to a budget line.)
	<b>Response:</b> 1-Babysitting and childcare for parents to attend parent meetings where childcare is provided by the school for parent and family engagement activities. Tier 4 evidence- though there may not be substantial evidence for babysitting and childcare it is something that our parents have expressed to our principals that it is needed to attend these activities. This is a parent-centered item. (Line item 35)Total for last year was close to \$3,000.00 for all schools. This year a little more was budgeted as requested by the schools.
	2-Supplies and Materials necessary to implement parent and family engagement activities (Literacy nights, family nights, monthly meetings). These supplies include, paper light- refreshments if the meeting is during a meal time, post-it notes, make and take supplies for academic activities parents can do with their children, pens, highlighters, notebook paper, pencils. These are all determined at the school level and are voted on by the schools parent led school advisory

	committee for funds to be spent. This is a tier 4 for evidence as each school takes their lead on what is planned. However, it is planned with the parents and it takes their vote to be able to purchase the materials and supplies for these various meetings. In addition, parent surveys and attendance are taken and tracked for planning and monitoring purposes. (Line item 36)Total is \$6,865.37.
2	<b>LEA Written Policy</b> -Each LEA that receives funds under this part shall develop jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy. The policy shall establish the agency's expectations and objectives for meaningful parent and family involvement. Describe how the agency will:
	• involve parents and family members in jointly developing the LEA plan under section 1112, and the development of support and improvement plans under paragraphs (1-2) of section 1111(d).
	• provide the coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools within the LEA in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
	• coordinate and integrate parent and family engagement strategies under this part with parent and family engagement strategies, to the extent feasible and appropriate, with other relevant federal, state, and local laws and programs;
	• conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of the parent and family engagement policy in improving the academic quality of all schools served under this part, including identifying-
	i. barriers to greater participation by parents in activities authorized by this section (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background);
	ii. the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and

- iii. strategies to support successful school and family interactions;
- use the findings of such evaluation in subparagraph (D) to design evidence based strategies for more effective parental involvement, and to revise, if necessary, the parent and family engagement policies described in this section; and
- involve parents in the activities of the schools served under this part, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the LEA to adequately represent the needs of the population served by such agency for the purposes of developing, revising, and reviewing the parent and family engagement policy.

#### **Response:**

The LEA has a Parent advisory committee (PAC) that works with the district on their parent and family engagement plan. These committee look at the data, attendance, surveys, and the like to help inform and guide their decisions. These meetings are varied in time to meet the needs of the committee members and are done at least twice a year.

The LEA works with our faith-based groups as well as several nonprofits to try and help connect with the parents in the LEA to gain more parent and family participation in each school. The district works with each school to offer assistance in coordinating efforts to parent and family engagement plans and activities.

The LEA tries to embed parent and family engagement strategies with other programs when it is able to. For instance, the Migrant Education Program, attempts to have their parent meetings in conjunction with each school to help get more of the parents to each school and involved with their child's education.

Each year the LEA reviews the plan with stakeholders using the parent advisory committee. This is done in conjunction with the parent surveys that are sent out in the spring to evaluate the program and to make any necessary changes for the upcoming school year. The committee looks at barriers (usually in Madison it is transportation, work hours or difficulty in bringing younger children to the meetings). These needs are met by offering transportation, varied hours for meetings and offering babysitting for each school so parents may attend without worrying about their younger

children. Each school works on literacy, math and other needed subjects at their parent and family engagement nights. This helps parents to be able to assist their children at home with homework and lessons they may need reinforced.
The use of the surveys and each school's school advisory committee recommendations are used to design strategies for the upcoming school year.
Parents are sought out and are a part of the parent advisory committee at the LEA level and the school advisory committees at each school. This allows adequate representation for the needs of the parent population that is served by the school district. School advisory committees meet monthly and are continually reviewing the policy to ensure revision is not necessary or if it is that it is done as soon as possible.
