## SECTION 11: PUBLIC NOTICE

### ACCESS TO STUDENTS AND STUDENT RECORDS BY PARENTS

The parent that registers the student and provides information on the student data registration form will be considered that parent who controls and makes final decisions regarding the student. It is the parent's responsibility to supply the school with any documents that delineate custody issues. When parents are divorced or separated, both parents have full rights to participate in the child's school activities and know what is happening at school unless there is a court document limiting that access. A non-residential parent may have access to student records and information unless a court order prohibits such access. If a court has issued such an order, then the student's parent is responsible for providing the principal with a certified copy of the order. Additionally, the school will not resolve parental disputes regarding a student and/or student record access. Normal school procedures for parent pick-up, eating with a student at school, and attendance at other school activities is permitted by both parents unless there is a court document that prohibits contact or severs parental rights. Schools do not have facilities nor is it appropriate to accommodate parent domestic visitations. If parents approach schools for these visitations, they will be requested to make arrangements for out-of-school visitation after school hours.

## CIVILITY POLICY

Employees of MCSD will treat parents and other members of the public with respect and expect the same in return. The District must keep schools and administrative offices free from disruptions and prevent unauthorized persons from entering school/district grounds. Accordingly, this policy promotes civility, mutual respect, and orderly conduct among District employees.

## CRISIS PROTOCOL

Providing a safe and secure environment for our students to learn is a top priority of the MCSD. Measures have been taken to ensure our staff and students are prepared in the event a crisis situation occurs in one of our schools. A comprehensive Crisis Management Plan has been created to guide our staff through a wide variety of situations. Fire drills, tornado drills, and lockdowns are practiced at each site to ensure that routines and safety procedures are well established and familiar to all.

Parents — Please cooperate with school and district authorities during a lockdown crisis:

- Please cooperate with school and/or district directives.
- Please consult local media for regular updates about the incident. Listen for information updates on local radio and television stations.
- You may be directed to an off-campus parent staging area for the latest information regarding a campus crisis. ■ Please DO NOT call the school because phone lines will be needed for emergency communication; however, please consult the local media. ■ Please DO NOT call your child's cell phone in order for cell towers to be clear for emergency use; however, please consult the local media.
- Please DO NOT go to the school if a lockdown situation should occur; however, please consult the local media. Roads are closed, doors are locked, and campuses are off-limits to anyone other than authorized personnel.

Pursuant to Florida Statute 120.54, in the event of an emergency, the Superintendent or the School Board can enact additional rules governing student conduct which shall be enforced as included in this Code of Student Conduct.

## DIRECTORY INFORMATION

The MCSD reserves the right to release "directory information" to the general public without obtaining prior permission from students or parents/guardians. Directory information includes the student's name, parent/guardian names, residential address, telephone number (if listed), date and place of birth, name of most recent previous school or program attended, participation in school sponsored activities and sports, height and weight of athletic team members, dates of school attendance, anticipated graduation date, honors and awards received, and diploma conferred. However, a student or his/her parents may notify the principal of the desire NOT to have directory information released. This notification must be submitted in writing to the principal within 30 days of distribution of the Code of Student Conduct or 30 days after initial enrollment. In that case, this information will not be disclosed except with the consent of a parent/guardian or eligible student, or as otherwise allowed by the Family Educational Rights and Privacy Act. In the absence of written notification to restrict the release of directory information, the school and the MCSD will assume that neither a parent/guardian of a student, or an eligible student, objects to the release of the designated directory information. The MCSD will routinely publish directory information in conjunction with press releases regarding school activities, honor roll announcements, athletic events, and other such activities. Under provisions of the National Defense Authorization Act and the Elementary and Secondary Education Act (No Child Left Behind), directory information may also be released to law enforcement agencies, other governmental agencies (U.S. Department of Justice, branches of Armed Forces, etc.) and to post-secondary programs to inform students of educational programs available to them. However, directory information shall not be released for commercial use, including among others, mailing lists for solicitation purposes.

## FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's education records within 30 days of the day the District receives a request for access. Parents/guardians or eligible students should submit to the principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. If copies of these records are requested, the first five pages will be provided at no cost. For requests in addition to five pages, an amount of 15 cents per page will be charged.
2. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes is inaccurate or misleading. Parents/guardians or eligible students may ask the MCSD to amend a record that they believe is

inaccurate, misleading, or in violation of the student's privacy rights. When making such a request, a written statement to the principal should clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the FERPA authorizes disclosure without consent. The one exception, which permits disclosure without consent, is disclosure to school officials with a legitimate educational interest. A school official is a person employed by the District as administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
4. Upon request, the District discloses educational records, including record of disciplinary actions, without consent to officials of another school district in which the student intends to enroll.
5. When requesting basic information from students and parents/guardians, a request will be made for student's social security number under section 1008.386, Florida Statutes. In any case, disclosure of the social security number is voluntary and will be used only as a student identification number in the Information Technology (IT) system maintained by the District.
6. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue SW  
Washington, DC 20202-4605

#### INSURANCE (Student Accident)

The MCSD recommends that parents/guardians, who do not have accident insurance for their child, purchase school accident insurance for their children Pre-K through grade 12 in the event of an incident on any MCSD property. Please note the type of insurance is accident only, not health insurance. School insurance information is available by calling 1-800-541-8256 or online at <https://www.schoolinsuranceagency.com>.

#### STATEMENT OF NON-DISCRIMINATION

The Madison County School District does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

#### NOTIFICATION OF COMPLIANCE

Americans with Disabilities Act Title II — Prohibits discrimination on the basis of disability in state and local government programs/services.

Child Find — The District has an obligation to identify, locate, and evaluate all children with disabilities.

Civil Rights Act of 1994 TITLE VII — Prohibits discrimination on the basis of race, color, religion, or national origin.

Florida Civil Rights Act of 1992 — Secures for all individuals within the state, freedom from discrimination because of sex, national origin, age, disability, pregnancy, or marital status.

The supervisor responsible for compliance may be contacted at (850) 973-5796.

Section 504 of the Rehabilitation Act of 1973 — Prohibits discrimination against the disabled. It is the intent of the District to identify, evaluate, and provide appropriate educational accommodations to these students. Students may be disabled under this policy even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA). Students and parents/guardians have a right to due process under Section 504. A copy of parent/guardian rights afforded by Section 504 of the Rehabilitation Act of 1973 is available at all district schools and on the Student Services website. The Director of Student Services, ESE, & Mental Health Services is the coordinator of Section 504 activities and may be contacted at (850) 973-1562.

Title IX of Education Amendments of 1972 states: No person in the United States shall, on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. The MCSD affirmed in 1975 that it is in compliance with the requirements of Title IX and does not discriminate on the basis of sex in the educational program or activities which it operates. This statement of non-discrimination extends to MCSD employment practices and to admission to school programs. A Title IX complaint is a claim by a person that he or she has been discriminated against on the basis of sex in the programs or activities operated by the MCSD. A person having a Title IX complaint should direct his/her concern to the Chief Human Capital Officer who will either investigate the complaint or refer it to appropriate personnel. ## NOTIFICATION OF RISK

Be aware that playing or practicing to play/participate in any sport can be dangerous in nature and involve MANY RISKS OF INJURY. It is understood that the dangers and risks of playing or practicing to play/participate in interscholastic sports may result in complete or partial paralysis; brain damage; serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the muscular-skeletal system; serious injury to virtually all internal organs; serious injury or impairment to other aspects of the body; and general health and well-being. Understand that the dangers and risks of playing or practicing to play/participate in interscholastic sports may result not only in serious injury, but in a serious impairment of future ability to earn a living; to engage in other business; social and recreational activities; and generally to enjoy life. Because of the dangers of participating in interscholastic sports, it is important to follow and obey coaches' instructions regarding playing techniques, training, and team rules. The best investment that any parent can make is to invest in purchasing school accident insurance.

In consideration of the MCSD permitting tryouts for high/middle school team sports and engaging in all activities related to the team including, but not limited to, trying out, practicing or playing/participating in that sport; all employees, agents, representatives, coaches, and volunteers will be held harmless from any and all liability, actions, causes of actions, debts, claims, or demands of any kind and nature whatsoever which may arise out of or in connection with participation in any activities related to the high/middle school interscholastic sports team. The terms hereof shall serve as a release and assumption of risk for heirs, estates, executors, administrators, assignees, and all family members.

## PROTECTION OF PUPIL RIGHTS AMENDMENTS

Local educational agencies receiving funds from the U.S. Department of Education are required by federal law to comply with requirements for the collection and reporting of certain information by means of student surveys, as well as requirements to protect student privacy. The information that must be reported relates to student attitudes and behaviors on topics such as school safety, substance use and the prevalence of risky attitudes or behaviors, particularly with respect to alcohol and drug abuse. In addition, these surveys also collect information on general health practices and human sexuality. Such information is collected by survey anonymously on a sampling basis, and no personally identifiable information is obtained from or reported on any individual student. The District cooperates with other agencies such as the Florida Department of Health in conducting these surveys.

It is the policy of the MCSD to notify parents/guardians of upcoming surveys that reveal information concerning one or more of the following items:

- Political affiliations or beliefs of the student or the student's parent/guardian
- Mental and psychological problems of the student or the student's family
- Sexual behavior or attitudes
- Illegal, anti-social, self-incriminating, or demeaning behavior
- Critical appraisals of other individuals with whom respondents have close family relationships
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers
- Religious practices, affiliations, or beliefs of the student or student's parent/guardian
- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

**Participation Voluntary** — No student shall be required to participate in such a survey if the student or the student's parent/guardian, if the student is less than 18 years of age, objects to participation. Prior written parental consent will be obtained before a minor student takes a survey funded by U.S. Department of Education that includes any of the above topics. On all other surveys, parents/guardians will be given the opportunity to opt their child out of participation. Notification to parents/guardians will occur prior to students being given surveys.

**Right to Inspect** — A student or the student's parent/guardian, if the student is less than 18 years of age, has the right to inspect any such survey instrument before the survey is administered or distributed to students if a request is made within a reasonable period of time. Parents/guardians further have the right to inspect or review:

- Arrangements that will be made to protect student privacy
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
- Instructional material used as part of the educational curriculum

**Notification of Parents/Guardians** — Parents/guardians will be notified of this policy annually, at the beginning of the school year, and within a reasonable period of time if any substantive change is made to this policy. Such notice shall include the specific or approximate dates during the school year when any such survey will be administered.

**PUBLIC SAFETY INFORMATION ACT 1997 - SEX OFFENDER/SEXUAL PREDATOR LAWS** Information is available at each school. Contact your local principal.

## STUDENT GRIEVANCE PROCEDURES

The MCSD will promptly investigate alleged incidents of harassment or discrimination and appropriate, corrective action will be taken. Any student who alleges harassment or discrimination by another student or MCSD employee shall report the harassment to the building principal, assistant principal(s), guidance counselor(s), or teachers. Filing of a complaint or otherwise reporting harassment in good faith, will not affect the student's status, extracurricular activities, grade, or any other assignments. However, willfully reporting a false claim of harassment or discrimination in bad faith is illegal and will subject the reporter of the false claim to disciplinary action.

The harassment or discrimination complaint shall be in writing, state the act or acts, state the date(s), state the names of witnesses, and shall be signed by the complainant. The right to confidentiality, both of the complainant and of the alleged harasser, will be respected, consistent with the School Board's legal obligations and with the necessity to investigate allegations of misconduct and to take corrective action when the conduct has occurred. Retaliation against any student for alleging harassment or discrimination is strictly forbidden.

## STUDENT RECORDS AND REPORTS - RIGHTS OF PRIVACY - NOTIFICATION

In accordance with 1002.22, Florida Statutes, students and their parents/guardians shall have rights of access, rights of challenge, and rights of privacy with respect to student records and reports. Every student shall have a right to privacy with respect to the educational records kept on him or her. Personally identifiable information contained in such records and reports is confidential. These records and reports cannot be released without the written consent of the student's parent/guardian, or of the student himself or herself if he or she is 18 years of age or older, unless the purpose for the release of such information is consistent with Florida Statutes. Such a release of information without consent can be for any reason consistent with that in 1002.22(3)(d), Florida Statutes, including, but not limited to, purposes consistent with inter-local agreements with other agencies.

## SUBPOENAS FOR STUDENT RECORDS

Federal and state law requires that school officials comply with court orders and subpoenas from a court of competent jurisdiction for the timely production of student records. If disclosure is made in response to a court order or subpoena, you will be notified, except where the law prohibits said notification. If a student (18 years old or older), or the parents/guardians of a minor student, object to the release of these records, an objection to a subpoena for non-party production must be timely filed and/or a protective order must be timely obtained from a court of competent jurisdiction.

## SUPERVISION OF STUDENTS BEFORE AND AFTER SCHOOL AND SCHOOL ACTIVITIES

The MCSD is not responsible for the supervision of students on school grounds until 30 minutes prior to the start of the regular school day or a scheduled event, or beyond 30 minutes after the regular school day or scheduled event.

Please refer to your school's beginning and ending hours and arrange for supervision of your child accordingly. [S 1003.31, Florida Statutes]

  - (a) The transfer has been approved pursuant to district school board policies in the case of a transfer to a public school or pursuant to the private school policies in the case of a transfer to a private school; and
  - (b) A form to be provided by the association (EL6 Form — Notice of Transfer) has been submitted to the association.
- 11b. Full and Complete Move — The student moves to a new home address due to a full and complete move by the student and the persons with whom he/she has been living for at least one calendar year that makes it necessary for the student to attend a different school and the student meets all other eligibility requirements per the FHSAA. A student and his/her parents cannot occupy a residence at more than one address, and only the student's current residence may be used for eligibility purposes.
- 11c. Necessary Relocation to Residence of Another Individual — The student transfers because he/she has to move into the residence of another person who lives at a residence that makes it necessary for the student to attend a different school and the student meets all other eligibility requirements per the FHSAA. This exception applies only to the following specific situations: (a) One of the persons with whom the student has been living dies; or (b) One of the persons with whom the student has been living is imprisoned or committed by court order to a mental facility; or (c) The student is made a ward of the court or state and is placed in a foster home by a court of legal jurisdiction. In this case, a certified copy of the court order, a copy of the petition upon which the order was based, and other evidence the court had to consider in issuing the order must be provided to the FHSAA Office. Permanent guardianship must be appointed legally by a court of competent jurisdiction.

- 11d. Move to New Residence Following Marriage — The student marries and immediately established a new residence with his/her spouse at a residence that makes it necessary for the student to attend a different school and the student meets all other eligibility requirements per the FHSAA.
- 11e. Reassignment by District School Board — The student is reassigned during the school year to a different school by the district school board, as long as the reassignment is not for athletic or disciplinary reasons, and is not requested by the student or his/her parents, and the student meets all other eligibility requirements per the FHSAA. In this case, the student may participate in interscholastic athletic competition at the public school where he/she is assigned or a private school he/she chooses to attend.
- 11f. Transfers of Schools within the First Twenty Days — The student transfers school within the first twenty (20) school days of the academic school year, meets all other requirements per the FHSAA and provided: (a) The student has not engaged in any athletic activities affiliated with either school prior to the transfer; and (b) The student has not been recruited; and (c) The student is not transferring in whole or in part for athletic reasons; and (d) The student is not transferring because of disciplinary reasons and/or misconduct; and (e) The new school principal communicates and verifies with the losing school principal that the student has not engaged in any athletic activities affiliated with either school prior to the transfer, and the student is not transferring due to disciplinary reasons.

#### ATTENDANCE RULES

The classroom experience is of unique value and cannot be duplicated by make-up work. The purpose of this attendance policy is to foster responsibility and reliability on the part of District students to attend all classes. Students will acknowledge greater emphasis on attendance at school because credit in their classes will be contingent upon their presence.

The district school Superintendent is responsible for enforcing school attendance of all students subject to the compulsory school age in the school district and supporting enforcement of school attendance by local law enforcement agencies. The responsibility includes recommending policies and procedures to the district school board that require public schools to respond in a timely manner to every unexcused absence: and every absence for which the reason is unknown of students enrolled in the schools.

Parents/guardians are responsible for the attendance of their children within the compulsory school age (6-16 years) unless the child files a formal declaration of intent to terminate school enrollment with the School Board on or after age 16. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the student and the student's parent/guardian. Parents/guardians who refuse or fail to have a child in school commit a misdemeanor, punishable as provided by law, 1003.21, Florida Statutes. Students, 18 years of age and older: shall have all rights accorded to them unless they are dependent on their parent/guardian as define in the Internal Revenue Code. Students: 18 years of age and older, in K-12 educational programs are required to be in compliance with attendance and discipline policies of the Madison County School District.

Absences – An absence is nonattendance of a student at school or in an approved educational activity/field trip or program on days when school is in session. Absence occurs when a student is not physically present at school or not participating in an approved school activity as defined under the compulsory school law. Though school sponsored academic field trips are not considered absences, students are required to make up missed class work upon return to school.

#### Excused Absences may include:

- Illness or injury of the student, as documented by a health care professional
- Illness or injury of the student's immediate family creating insurmountable condition of absence, as documented by a health care professional
- Death of a member of the student's immediate family
- Documented appointments with health care professionals
- Administrative approval based upon written request/justification to principal or designee recognized religious holidays
- Documented judicial actions-subpoena/summons
- Therapy prescribed and delivered by a licensed certified practitioner

Absences for vacation or other anticipated reasons must be given prior approval from an administrator and the student must make arrangements for makeup of work prior to the absence. Excessive absences and academic standing may be factors in the decision to excuse or not excuse the absence.

**Unexcused Absences** - An unexcused absence takes place any time a student is out of school for reasons not recognized under the law. On the third unexcused absence within the previous 30 school days, a letter will be sent to the parent/guardian informing them of the compulsory school attendance law and their legal obligation to follow the law.

**Excessive Absences or Truant** - A student is considered truant or excessively absent when he/she has had at least five (5) unexcused absences or absences for which the reasons are unknown within a calendar month or 10 unexcused absences or absences for which the reasons are unknown, within a 90 calendar-day period, the student may be exhibiting a pattern of nonattendance and this may be considered excessive. Students who demonstrate truancy may forfeit their rights to attend Grad Bash, Prom, field trip or other extracurricular activities. The student may be referred to the school's Student Support Team to determine if early patterns of truancy are developing. If it is determined that an early pattern of truancy is developing, regardless of whether the absences are excused or unexcused, a meeting with the parent/guardian shall be scheduled to identify potential remedies. If absences continue to be a concern despite intervention attempts the school may make a recommendation for filing a truancy petition. (1003.26 and 984.141, Florida Statutes)

**Habitual Truant** - A student is considered habitually truant when he/she has 15 unexcused absences within 90 calendar days with or without the knowledge or consent of the parent/guardian. (1003.01, Florida Statutes) Accumulated tardies and early check outs shall be considered unexcused absences. At the high school level or at a 6-12 combination school, seven unexcused tardies or early checkouts will equal one unexcused absence for the purpose of defining a habitual truant. At the elementary school level, four unexcused tardies or early checkouts will equal one unexcused absence for the purpose of defining a habitual truant. At the middle school level, six unexcused tardies or early checkouts will equal one unexcused absence for the purpose of defining a habitual truant. Legal actions, including possible criminal charges, will be pursued when the parent/guardian ignores school attendance requirements. The Superintendent must provide the Department of Highway and Motor Vehicles with the name of each habitual truant student, age 14-18. The DHMV may not issue a driver's license or learner's permit to and shall suspend any previously issued license of any student. (Chapter 322, Florida Statutes) Families receiving public assistance for a student through the State of Florida WAGES program may have that assistance withdrawn if the student is classified as truant.

**Authorized Student Sign Out** - Students may not leave or be signed out from a school campus without the presence of an adult who is listed as the parent or guardian of record or an adult who is listed as an emergency contact on the Annual Student Contact Form. A photo ID is required from the adult listed on the Annual Emergency Health Form who is requesting the release of the student to his/her custody. Students who drive to school at the high school may not be released or signed out prior to the end of the regular school day over the phone by a parent, guardian, or other individual without the authorization of the principal/designee in emergency situations or circumstances that warrant leaving school campus without the presence of a parent, guardian, or other authorized individual. The principal is the final authority in determining if a student has permission to leave campus in the absence of the parent.

**Parent Notes** - Whenever a student of compulsory school age is absent without the permission of the person in charge of the school, the parent/guardian of the student will report and explain in writing the cause of such absence or tardy to the appropriate school personnel. This note should be provided to the school within three days upon the student's return to school. The principal or designee has the authority: within the guidelines of the law, to determine if an absence is excused or unexcused.

**Make-Up Work** - Parents and students with absences are responsible for making arrangements with the teacher to make up work and assignments missed while absent. Students with excused absences will be allowed to make up work for full credit. All missed work is due within a reasonable amount of time following the return to school (two days for each day absent) with the following exceptions:

- Test or exams assigned prior to absence will be taken on the day the student returns to school. Work assigned prior to the absence will be taken on the day the student returns to school. Long-term assignments and projects must be turned in on the day the student returns to school. Students checking in or out on the day a long-term assignment is due must turn the assignment in by the end of that school day to be accepted as on time.
- Teacher extends due date.

Failure to comply with requirements may adversely affect academic standing.

**Tardies** - Tardies are disruptive to the learning environment and have a negative impact on student achievement. A student is tardy when they arrive to school or class after the bell to begin has sounded without an approved excuse. Leaving school early before the end of the school day also falls under this category. For K-8 students, the parent must accompany the student to the office when they are tardy. For secondary and 6-12 schools, the student must report to the attendance clerk. Tardies may be recognized and calculated in instances of truancy. For truancy purposes and documentation for court action, 7 seven unexcused tardies to school or seven 7 early checkouts from school will equal one unexcused absence at the high school or combination school. Four (4) unexcused tardies

to school or four (4) early checkouts from school will equal one unexcused absence at the elementary level. Six (6) unexcused tardies to school or six (6) early checkouts from school will equal one unexcused absence at the middle school.

Home School Students - Home school students with previous attendance concerns will be required to submit ongoing documentation regarding educational participation in a home school curriculum by submitting a portfolio as requested to the Home School Coordinator.

#### **BULLYING AND OTHER FORMS OF AGGRESSION**

The MCSD is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The MCSD encourages the promotion of positive interpersonal relations among all members of the school community. Aggressive behavior, bullying, harassment, and similar acts toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal (oral or written), electronically transmitted (cyber or high-tech), and psychological abuse. The MCSD will not tolerate any gestures, comments, threats, or actions, which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property or while enroute to or from school sponsored activities and those occurring off school property if the student or employee is at any school sponsored, school approved, or school related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. "Bullying", including cyberbullying, is defined as and means systematically and chronically inflicting physical hurt or psychological distress on one or more students and may involve:

1. Teasing
2. Social exclusion
3. Threat
4. Intimidation
5. Stalking
6. Physical violence
7. Theft
8. Sexual, religious, or racial harassment
9. Public or private humiliation
10. Destruction of property

[S 1006.147, Florida Statutes] [MCSD Policy No. 5.101]

Each school principal will be fully expected and authorized to implement and monitor the MCSD's policy on bullying.

#### **BUS CONDUCT RULES**

The bus is an extension of the school campus. Therefore, students will adhere to all conduct rules, including those addressing medication, while riding a MCSD school bus. Only a student who is regularly enrolled as a transported student and whose name appears on the bus driver's enrollment card for that bus, shall be permitted to ride such a bus while it is being operated on a regular school bus route except upon the written request of the parent/guardian of a student and with the written approval of the Transportation Supervisor. Such approval may be granted only when the student's welfare is involved due to an emergency condition in the home. When an emergency condition exceeds five days, the Superintendent's designee's approval shall be required. Approval shall not be allowed for: 1) student visitation, unless duly authorized; and 2) a student to obtain transportation to his/her regular place of employment. Students attending a school on a zone waiver must provide his/her own transportation.

Section 1006.10(1-7), Florida Statutes, gives school bus drivers the authority to monitor and control the behavior of students any time they are being transported to and from school or school functions at public expense.

Students being transported on a school bus must comply with the following rules:

1. Get on/off at their regularly appointed bus stop unless written parent/guardian permission is provided to the school administrator early in the day to allow time for verification.
2. Occupy the seat assigned by the driver and refrain from moving around while the bus is in motion. Seat belts must be correctly fastened upon taking assigned seat and worn at all times if the bus is designed with seat belts.
3. Wait until the bus has come to a complete stop before entering or exiting the front door of the bus. Students shall form a line in order to ensure safety in getting on or off the bus.

4. Be at the bus stop at least 5 minutes before bus arrival but not more than 15 minutes before arrival. Observe proper rules of conduct while waiting for the bus. Students shall stay at least 12 feet off the road and off private property.
5. If it is necessary for a student to cross a road to board a bus, the student should wait until the bus arrives and the driver deploys the stop arm and flashing red lights. The student should make visual contact with the driver, watching for the Department of Education's (DOE) adopted crossing signal. The student should then make a right and left check for traffic and cross 12 feet in front of the bus.
6. If it is necessary for a student to cross a road after unloading from a bus, the student should stand at the side of the bus in sight and hearing of the driver. The student should make visual contact with the driver, watching for the DOE's adopted crossing signal. The student should then make a right and left check for traffic and cross 12 feet in front of the bus.
7. Obey the driver, monitor, and volunteers at all times and follow the standards of conduct while riding the school bus. Report promptly to the principal when instructed to do so by the driver. Bus infractions may result in an out-of-school suspension.
8. Keep all body parts and belongings inside the bus windows.
9. Keep from littering, throwing, or propelling objects inside the bus.
10. Keep from throwing or propelling items outside the bus windows. (Behavior that violates this rule/expectation may be classified as a felony. The student and the parent/guardian shall be held responsible for any damages that result from such an act.)
11. Keep from defacing or vandalizing a school bus. Restitution will be required for any damages sustained to the bus.
12. Use the handrail when entering and leaving the bus. Be careful that loose straps or drawstrings on articles of clothing or backpacks do not get caught on the handrail.
13. Follow emergency evacuation procedures when appropriate.
14. Observe classroom conduct rules at all times (except for ordinary conversation). Silence on the bus shall prevail while the bus is stopped for railroad crossings or for discharging students. When the bus is in motion, only talk to the driver if it is necessary and be quiet when the driver turns the dome lights on, raises a hand, etc. One of these signals will be used at railroad crossings.
15. Use of profane or objectionable language or engaging in any other objectionable conduct is prohibited. There shall be no pushing, fighting, or any other type of misconduct at any time.
16. Possession of sharp/dangerous instruments or any type of weapons on the bus is prohibited.
17. Bring no animals, glass containers, skateboards, food, or drinks on the bus.
18. Do not use or have any tobacco products (smoking, chewing, dipping) or other mood altering substances while on the bus.
19. Bring no bulky or inappropriate objects on school transportation. This includes, but is not limited to, musical instruments, athletic equipment, etc., that cannot be held in the student's lap. No objects may block the aisles or emergency exits.
20. Students may not use cell phones while riding school buses to and from school. Cell phones may be used upon returning from a field trip or an extracurricular activity beyond normal school hours. The teacher/coach and the bus driver will jointly give permission for students to call parents to give an estimated time of arrival.

Note: MCSD buses are equipped with video/audio cameras for security purposes. Students are being taped during their ride. These tapes may be used to determine violations of the Code of Student Conduct. Only authorized school personnel can view a bus video/audio recording, when the need arises, due to the protection of other students' privacy.

All bus incidents requiring potential discipline intervention will be referred to school administration for determination of appropriate consequences.

Procedures for students with disabilities are described in the subsection ESE: Suspensions and Expulsions.

#### **BUS SUSPENSION/EXPULSION**

When a student is suspended or expelled from the bus, they are not permitted to use any MCSD school bus for extracurricular activities or field trips during the suspension or expulsion timeframe. At the principal's discretion, a student with a Level I or Level II infraction may be allowed to ride the bus for extracurricular activities only for field trips that are academic in nature.

A student who uses School Board provided transportation must abide by the rules of safety and behavior necessary for the operation of the system. Bus riders must follow rules in the Code of Student Conduct. Serious or repeated infractions of these rules may cause the student to lose the privilege of riding the bus. It is the responsibility of the parent/guardian to see that the student follows the rules or to provide for the student's own transportation. Suspension from a school bus does not affect the requirements of attendance laws and regulations. Level II or Level III offenses may result in an out-of-school suspension. Level III and Level IV offenses may result in expulsion from school. By statute, criminal penalties may be imposed. See Mandatory Consequences for Bus Violations. 1001.42, 1003.26, 1006.10, and 1006.21, Florida Statutes]

Parents/guardians are responsible for their children at the bus stop. However, school officials may address misconduct by students at a bus stop. Bus drivers may issue bus referrals based on behavior they observe at bus stops and administrators may investigate and discipline accordingly. [ss} 006.07(2)(h), 1006.09(1)(b), and 1006.10, Florida Statutes]

#### CELL PHONES AND/OR ANY ELECTRONIC COMMUNICATIONS DEVICES

Cell phones that are heard, or are in use on school grounds during school hours without the consent of school personnel, or on school transportation will be confiscated. The MCSD recognizes the need for students to have cell phones. However, during school hours or on school buses, cell phones, and/or any other electronic communications device, including earphones, earbuds, and/or blue tooth devices, are not to be used unless specifically authorized by school staff. Only electronic communications approved by school officials for a school assignment will be permitted. Any other electronic communications will be considered a violation and will be prohibited. Electronic communications include, but are not limited to, video/audio records, photographs, and/or text messages. The school will not be held responsible for lost or stolen cell phones and/or any electronic devices. No student may have in his or her possession any wireless communication device or any other item that records, stores, or transmits data during any standardized testing (FSA, EOC, etc.). This policy applies to grades PreK-12 as does everything in the Code of Student Conduct. Violation of this provision may result in the loss of the student's privilege to possess a cell phone on campus in addition to any other prescribed disciplinary intervention. If a cell phone/electronic device is visible, being handled, or otherwise used in any manner during a test or exam, it will be considered cheating and the student may receive a zero for that test or exam.

Note: Use of a wireless communications device includes the possibility of the imposition of disciplinary action by the school or criminal penalties if the device is used in a criminal act. [S 1006.07(2)(e), Florida Statutes]

#### DRESS CODE

Responsibility for the dress and appearance of students enrolled in the Madison County School District primarily rests with parents and the students. Some student apparel, however, may not be appropriate to wear to school even though that same apparel may be appropriate to wear in other settings. To assist parents and students in making appropriate fashion and grooming decisions for school, the School Board has established the following **minimal** guidelines for the appearance and dress of students. (Florida Statutes 1001.43(1)(b) and 1006.07(2)(d).

## GANGS AND GANG-RELATED ACTIVITY

The MCSD will not tolerate any gang related activity on school grounds, school sponsored events, and/or on school transportation, to include dress, tattoos, bandanas (to be used as gang identifiers), graffiti, hand signals, or verbal slang. Gang related activity may include, but is not limited to, engaging in any verbal, written, or physical act, which is associated with becoming a member of a gang, being a member of a gang, or participating in gang identified rituals or behaviors on a school campus or at a school sponsored program or activity. Violations that disrupt the educational process will lead to disciplinary action. If a student is identified or qualifies as a gang member, the student may be subject to expulsion. If a student qualifies as a gang member, subsequent violations of the Code of Student Conduct may be raised to the next level (i.e., Level I to Level II; Level II to Level III).

It is therefore the policy of the MCSD that gangs and gang activities are prohibited in Madison County Schools according to the following:

1. Gang is defined as any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of criminal/violent acts, and having a common name or common identifying sign, colors or symbols, or the purposeful violation of any MCSD policy.

A student identified as a gang member by the School Resource Officer/Deputy will be photographed and entered into the Florida Department of Law Enforcement's Gang Net. ["874.03 and 874.05, Florida Statutes]

## HARASSMENT

The purpose of this policy is to inform and educate students of their responsibilities, rights, and complaint/grievance procedures with regards to harassment. The term also includes sexual harassment, which is defined as unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal, non-verbal, or physical conduct

#### **VIOLENT OR DISRUPTIVE BEHAVIOR**

The Madison County School District is committed to providing an environment supported by educators for improving school safety and increasing access to mental health supports for children and youth. We will not tolerate violent and disruptive behavior which interferes with the orderly environment and the academic process of the school. Violations may lead to the removal of a student to an Opportunity School Placement or referral to mental health services. A committee will be established to consider the consequences of such behavior. The purpose of the committee is review all relevant data for making a determination of placement and services. Appropriate Opportunity School staff, school-level staff and the parent will be included in the committee. The parent will be notified in writing but does not have to be present for placement decisions.

#### **HEALTH SERVICES PROVIDED**

School health staff provides health counseling, health education, health screenings, and referral and follow up of suspected or confirmed health problems. They also provide consultation with students' parents/guardians regarding the need for health evaluation by the family physician, dentist, or other specialist when definitive diagnosis or treatment is indicated. School health staff review and maintain records on incidents of health problems, corrective measures taken, and other information that may be needed to plan and evaluate health programs and policies. The school nurse provides health information, when necessary, regarding the placement of students in exceptional student programs and the reevaluation at periodic intervals of students placed in such programs.

#### **ANNUAL EMERGENCY INFORMATION AND HEALTH UPDATE**

It is very important that you complete the Annual Emergency Information and Health Update form and return it to your child's school the first week of school. PLEASE provide us with emergency contacts and inform us of any health problems your child may have which can affect them in the school setting.

Current accurate health and telephone information enables the school to contact you in case of emergency, accident, or illness, and will help us to ensure the health and well-being of your child. If any information changes during the school year, please contact the school immediately. It is the parent/guardian's responsibility to keep their child's health and contact information (telephone numbers, address, etc.) updated. In case of a serious accident or illness at school, your child will be transported by ambulance to an emergency medical facility. The parent/guardian is responsible for all expenses.

#### **MEETING EMERGENCY HEALTH NEEDS**

Onsite emergency health needs are provided at each school by school health staff employed by MCSD, the Madison County Health Department, and/or other trained MCSD staff who are currently certified by a nationally recognized certifying agency to provide first aid and CPR. Onsite emergency health needs address the management and aid for illness or injury pending the student's return to the classroom or release to a parent/guardian, designated friend, or designated health care provider.

Please list on the Annual Emergency Information and Health Update form, friends and/or relatives who may serve as emergency contacts for your child when you cannot be reached. Please list your best contact information such as a cell phone number, if applicable.

### MEDICATION ADMINISTRATION

Administration of medications during school hours is discouraged unless a physician determines that a student's health needs require them to be given while at school. Medication must be transported to and from school by the parent/guardian or a responsible adult

designated by the parent/guardian. MCSDD has a "Zero Tolerance" drug policy. Don't put your child at risk of disciplinary action! As the parent/guardian, you can avoid potential problems for your child. Don't send any medications to school with your child. Remember, even over the counter medications, such as Tylenol and Advil, are considered drugs. Instructions on using medication shall be provided in writing by the Florida licensed prescribing healthcare practitioner or as described on the medication container provided by the pharmacist and/or the Florida licensed prescribing healthcare practitioner. All medications shall be delivered to the school office or health clinic with the Authorization for Medication Administration Form completed and signed by the student's parent/guardian and the Florida licensed prescribing healthcare practitioner (form is available online on the Student Services webpage at [www.Madison.k12.fl.us](http://www.Madison.k12.fl.us)). A separate

Verification of the count shall be made, in writing, on the medication administration log notes by the person delivering the medication(s) and the person receiving the medication(s).
- Medication should be given as close to the prescribed time as possible. It is acceptable medical practice to give the dose one hour before or after specified time on a routine basis.
- Narcotic analgesics will not be administered at school. Narcotics are known to cause decreased coordination and decreased levels of consciousness, thus presenting both impaired learning and safety issues for the student.
- No medications, prescription or non-prescription, with an expired prescription date or that is past the manufacturer's expiration date will be administered at school or during school sponsored activities.
- The medication in the bottle must match the label, match the student's name, match the authorization form, and have a current prescription label (within the past 30 days for controlled substances and antibiotics; within the past 12 months for other prescribed medications) on the bottle (if it is a prescribed medication).
- Prescription labels shall not be altered with handwriting by a parent, school staff, or school health staff.

#### AUTHORIZATION FOR STUDENTS TO CARRY A PRESCRIPTION, INHALER, EPIPEN, INSULIN, PANCREATIC ENZYME SUPPLEMENT OR OTHER APPROVED EMERGENCY MEDICATION

If you have a student who has asthma or other health-related conditions that require self-administration of medicine or emergency type(s) of medication, or a student who needs to carry medication and self-administer on his/her person, you must complete an Authorization for Students to Carry a Prescription, Inhaler, EpiPen, Insulin, Pancreatic

This form requires signatures of a Florida licensed healthcare practitioner, the parent/guardian, and the student.

The school nurse (who is a registered nurse), upon performing a nursing assessment of the student, shall determine whether or not this student is ready to responsibly self-carry and self-administer medications at school or during school sponsored activities without endangering the health and safety of themselves, school staff, and/or fellow students. If the school nurse determines that a student is not ready to responsibly self-carry and self-administer medications at school or

- during school sponsored activities, the medication(s) will be administered by school health staff and/or trained school staff.
- Parents are strongly encouraged to keep a "back up" supply of any emergency medications, such as an inhaler, epiPen, diabetes medication, etc., in the school clinic. For further instructions, please call or visit your child's school nurse.

### HEALTH SCREENINGS

The Madison County Health Department and the MCSD provide health screenings to students in Madison County Schools. Florida Statute 402.32 of the School Health Services Act requires these screenings. These screenings are designed to detect health problems that could affect student's learning and/or growth. The screenings conducted are those outlined in our current School Health Plan. The screenings for our county include:

- Vision — Kindergarten, first, third, and sixth grade students and students entering school for the first time • Hearing — Kindergarten, first, and sixth grade students and students entering school for the first time o Growth and Development (height and weight) with BMI calculation — first, third, and sixth grade students
- Scoliosis — Sixth grade students
- These screenings will not harm your child in any way. Mass screenings as listed above will take place within the first semester. If your child does not pass any part of the screening exam(s), you will be notified in writing. Results of your child's health screenings will remain confidential and shared only with school personnel with a need to know.

### EXCLUDING STUDENTS FROM SERVICES

Parents who do not desire their child to participate in health screenings or health education are requested to send a written letter of exclusion to the school nurse no later than two (2) weeks after the date of enrollment of current school year.

### HEALTH INSTRUCTION

Health instruction will be provided by properly trained personnel as mandated by the Florida House Bill 1739, which requires that public school curriculum include instruction to reduce destructive behavior in children, human growth and development, AIDS, and pregnancy prevention. This legislation established abstinence from sexual activity outside marriage as the expected standard for all school age children and states that human growth and development education will stress this standard. Parents/guardians may review the content of the curriculum by calling the school for an appointment.

### PARKING/VEHICLE RULES

The parking of a student's vehicle on campus is a privilege that is granted by the MCSD that may be conditioned upon the purchase of a parking decal at the school of attendance. Students who repeatedly violate campus-parking rules may have their parking decal revoked and/or are subject to disciplinary interventions. Students must follow the school policies on driving and parking. Violation of the Code of Student Conduct policies or the school parking/driving policies may result in loss of privileges, suspension, or expulsion from school.

Note: Privileges and Responsibilities — Parents are encouraged to review Florida law pertaining to the operation of motor vehicles by their children. High school students with operator's licenses may not be legally allowed to drive their vehicle home after a late ballgame. It is the student and parent's responsibility to know the law.

A student will not be permitted to drive any vehicle to school until filing with the principal the written consent of the student's parent/guardian and a written agreement to comply with all rules of the MCSD and local school officials. Students parking vehicles on campus without authorization are subject to disciplinary interventions.

2. A student leaving home for school shall proceed directly to the school campus. After arriving at school, a student shall remain on school grounds unless given permission to leave the grounds as provided in these rules. At the close of the school day, the student shall leave the school grounds promptly unless under the supervision of a faculty member.
3. The student shall park a car driven to school in the area designated for student parking.
4. Each student who parks a vehicle on a school campus is presumed to know what is contained in the vehicle and will be held accountable for any weapons, drugs, contraband, etc., which may be found in the vehicle.

A student who receives a citation for a traffic violation while traveling to or from school, or who is known to be operating a vehicle in such a manner as to endanger the student's own safety or that of others, may at the principal's discretion lose the privilege of driving a vehicle to school. Any student violating such directives shall be subject to suspension or expulsion from school.

## TECHNOLOGY - STUDENT ACCEPTABLE TELECOMMUNICATIONS/ELECTRONIC COMMUNICATIONS USE POLICY AND AGREEMENT

The MCSD provides computers and network capabilities to students for the purpose of enhancing instruction through technological resources. Students may be granted access to the District's electronic communication system that includes access to the internet. A student's activities while using this system must be in support of education and research and be consistent with the educational objectives of the MCSD. This access is a privilege, not a right, and inappropriate use will result in the cancellation of this privilege by the Information Technology (IT) Department and/or disciplinary action by school officials. Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallway. The District may suspend or revoke a student's access to the District system upon violation of District policy and/or procedures, including the MCSD Code of Student Conduct. ### **SECTION IV: DISCIPLINARY INTERVENTIONS**

Our philosophy of student behavior is one that employs a structured, systematic approach designed to support learning. Classroom management, student motivation, and positive reinforcement generate an atmosphere where student rules are viewed as guidelines for academic success.

We will provide a safe, comfortable classroom and campus environment and maximize opportunities for student learning which are the most important factors in governing student behavior. All students' interests, strengths, and cultural backgrounds are welcomed and valued.

We believe that all students have the right to a safe and effective learning environment and that teachers have the right to a safe and effective teaching environment. Discipline issues are minimized when students are engaged in meaningful and interesting activities. Students do best with positive reinforcement techniques. Students need to have structure and limits.

We believe that discipline and classroom management exist as additional learning experiences for students. Discipline should come from a desire to teach students to self-assess and self-regulate their behavior. A well-disciplined student understands what is socially and personally healthy and productive and can correct his or her own behavior when straying from that ideal.

This kind of student can resolve conflicts in a healthy way and knows what behavior is productive within social communities.

Likewise, classroom management exists to guide students toward positive behaviors. It not only maximizes the time spent learning in the classroom, but it also serves to eliminate many situations in which students are tempted to exhibit negative behaviors. Effective classroom management helps ensure student success.

In Madison County Schools, we believe that as professional educators, we are charged with providing a safe, structured, and orderly environment for all staff and visitors to our schools. Further, we believe that expecting, teaching, and upholding high behavioral standards are key components in preparing our students to be successful and productive citizens in the greater society. In order to fulfill these responsibilities and achieve these goals as a district, all Madison County Schools will:

- Follow the Student Code of Conduct and School Board Policies

- Provide training for staff and parents in effective behavior practices

## SECTION V: DUE PROCESS

In order to protect student rights, certain procedures are followed with regard to major disciplinary actions. These procedures are developed as suggested or required by law or regulation.

### DUE PROCESS FOR SUSPENSIONS

A student accused of an offense, which in the opinion of the principal/designee, would require suspension from school or bus, shall be afforded the following due process procedures. If a student is formally charged with a felony occurring off property owned by the MCSD by a prosecuting attorney, the principal/designee shall determine if the student's presence on campus threatens the orderly environment or safety of others. An administrative hearing should be scheduled if it is determined the felony charge is upheld. The information shall be provided to the Superintendent who shall determine the length of the suspension by an administrative placement in an alternative setting. A recommendation to expel a student shall be determined by the Superintendent and submitted to the School Board if the student is adjudicated guilty of a felony. Additional procedures for students with disabilities are described in the subsection ESE: Suspension and Expulsions. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for due process.

- Step 1 — The student must be told by the principal/designee of the reason(s) for consideration of suspension from school or from the school bus (not to exceed 10 days).
- Step 2 — The student must be given the opportunity to present the student's side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident.
- Step 3 — The principal/designee shall make a determination as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the determination is to impose suspension, the notice of suspension shall be in writing. The following information shall be included in the written notice of suspension to the parent/guardian, of the minor student, or the adult student, and the Superintendent:
  - Nature of the offense
    - The date of the offense, the beginning date of the suspension, and the date on which the student may return
  - Any condition involving the suspension, such as a possible reduction of the suspension
- Step 4 — The principal/designee shall report each suspension from school or the school bus in writing to the student's parent/guardian and to the Superintendent/designee. Any suspension notice to an adult student, or the parent/guardian, or custodian of a minor student, shall be hand-delivered by the principal or an administrative staff member, or shall be sent by first class mail if the principal or an administrative staff member documents a personal contact (not an attempt or recorded message) with the parent/guardian concerning the suspension and that the paperwork is being sent by mail. If contact cannot be made with the parent/guardian, then the notice may be sent by certified mail. This report shall be mailed and delivery initiated within 24 hours of the start of the suspension or on the next regular workday. Reasonable efforts shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal/designee may determine that the suspension will start without the prior contact with the parent/guardian.
- Step 5 — The student and parent/guardian have a right to a conference with the principal/designee upon request of the parent/guardian to appeal the discipline imposed. The principal shall have the discretion to reduce or cancel the suspension if it is felt that it would be in the best interest of the student and school to do so.

Step 68 — If the parent/guardian feels that due process was not provided, they may appeal by contacting the office of Student Services or the Assistant Superintendent of Administration to further discuss the matter. This shall not be interpreted as permitting the District administrator to substitute their judgment for the judgment of the principal.

#### DUE PROCESS FOR ALTERNATIVE SCHOOL PLACEMENT (Same as for suspension decisions.)

#### DUE PROCESS PROCEDURES FOR EXPULSION

A student accused of an offense which, in the opinion of the principal/designee, may require expulsion from school or bus, shall be afforded the due process described below. Additional procedures for students with disabilities are described in the subsection ESE: Suspension and Expulsions. In emergency situations, these procedures may be modified, as long as reasonable efforts are made to provide substantially similar opportunities.

- Step 1 — The student must be told by the principal/designee of the reason(s) for consideration of expulsion.
- Step 2 — The student must be given the opportunity to present the student's side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident.
- Step 3 — The principal/designee shall make a determination as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the principal/designee determines that there are sufficient grounds for expulsion, then the principal/designee shall inform the student of the suspension from school for ten days and that a recommendation for expulsion is being considered.
- Step 4 — The principal/designee shall report in writing to the student's parent/guardian and the Superintendent that the student has been suspended for ten days and that a recommendation for expulsion is being considered. Any suspension notice to an adult student, or the parent/guardian, or custodian of a minor student, shall be hand-delivered by the principal or an administrative staff member, or shall be sent by first-class mail if the principal or an administrative staff member documents a personal contact (not an attempt or recorded message) with the parent/guardian concerning the suspension and that the paperwork is being sent by mail. If contact cannot be made with the parent/guardian, then the notice may be sent by certified mail. This shall be mailed within 24 hours of the start of the initial 10-day suspension or on the next regular workday. Reasonable effort shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal/designee may determine that the suspension will start without the prior contact with the parent/guardian.
- Step 5 — The Superintendent/designee shall review the principal's recommendation for expulsion within five school days of receipt and shall recommend whatever action is deemed appropriate. The Superintendent shall notify the parent/guardian and the principal/designee of the decision within 24 hours.
- Step 6 — The parent/guardian shall have the right to a hearing with the Superintendent/designee to challenge the extension or imposition of an expulsion. The hearing shall be informal in nature and shall be granted on written request.
- Step 7 — The student's parent/guardian or the adult student shall be informed of any alternatives, if appropriate, and changes shall be made in the student's assignment or program.
- Step 8 — If the Superintendent decides to recommend expulsion, the parent/guardian shall be notified by certified mail of the hearing at which the School Board will consider the recommendation. Failure to request a hearing in writing in a timely manner shall be considered a waiver of the student's right to a hearing to contest the charges.
- Step 9 — The parent/guardian shall have the right to appear before the School Board, as designated depending on circumstances leading to expulsion, which will act on the Superintendent's recommendation for expulsion.
- Step 10 — A student who is expelled from the District by School Board action shall not be afforded a rehearing before the School Board unless prior evidence is proven to be false or new evidence is substantiated that was omitted from the original hearing. A request for a rehearing shall be made by the parent/guardian to the Superintendent/designee. The Superintendent's office shall determine whether the expulsion shall be reheard by the School Board.

Note: The Superintendent/designee may recommend to the School Board expulsion of a student who is found guilty of a felony. However, any student subject to discipline or expulsion for the unlawful possession or use of any substance under Chapter 893, Florida Statutes may be entitled to a waiver of the discipline or expulsion if the student divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if the student voluntarily discloses the unlawful possession of such controlled substance prior to arrest. For the purpose of this section, "voluntarily discloses" means that the individual comes forward on their own volition, without coercion from outside influences.

## ESE: SUSPENSIONS AND EXPULSIONS

Students with disabilities identified as exceptional education students may be suspended in accordance with MCSD policy for a total of ten days. In case of serious breach of conduct involving the health, safety, and welfare of students and MCSD employees, appropriate alternatives for allowing the student to continue receiving educational programs and services during the suspension may include, but are not limited to, a reduced day program, transfer to a more restrictive placement for a designated period of time, attendance for special class(es) only, modified school day (i.e., student may come to the school campus at the end of the school day for the instructional program), home instruction, and other options.

Any recommendation for the expulsion of any exceptional education student with a disability shall be made in accordance with the rules promulgated by the State Board of Education and Federal Regulations outlined in IDEA. The expulsion of an exceptional education student shall not result in a complete cessation of educational services; the District is responsible for providing the student's education during the expulsion in accordance with a revised individual education plan (IEP). The principal/designee is responsible for taking appropriate action consistent with School Board policy and the Procedural Safeguards for Parents of Students with Disabilities. The following procedures shall be followed for the expulsion of exceptional education students:

- Step 1 — The principal shall be responsible for convening a manifestation committee. The committee shall include, but not be limited to, the Director of Student Services/designee, the school psychologist, the guidance counselor, ESE school specialists, the involved ESE teacher, and the principal/administrative designee. Proper parent/guardian notification/invitation procedures must be followed.
- Step 2 — The committee shall review the student's IEP and shall determine whether the student's behavior bears a relationship to the student's exceptionality. This decision will be taken into consideration when reviewing all evidence and making recommendations. If the committee determines the student's behavior is in relation to the exceptionality, the team may modify the student's IEP in accordance with current needs, and expulsion will not be applied (cessation of educational services is not an option for a student with a disability). Procedures in State Board of Education Rules shall apply when a student's conduct does not bear a relationship to the exceptionality.
- Step 3 — The decision of the committee shall be documented. The student's IEP may be revised to reflect a modification of the current special program or an alternative placement, or an indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in the Code of Student Conduct.
- Step 4 — Any change from the student's school placement to an alternative education setting must be reviewed within 45 days. The principal/designee of student's home school must attend the meeting to review the interim alternative education placement prior to extending the alternative setting or returning the student to their home school.
- Step 5 — The principal/designee is responsible for taking appropriate action consistent with School Board policy and the Procedural Safeguards for Parents of Students with Disabilities.

## 2021-2022 PARENT AND STUDENT NOTIFICATION

Student Name: \_\_\_\_\_ Date: \_\_\_\_\_

The Madison County School District's Code of Student Conduct for Pre-K through grade 12 has been developed to help your son/daughter gain the greatest possible benefit from his/her school experience. Parents/guardians have the responsibility for the actions of their children and should be involved in their children's education. Parents/guardians should take special notice of the attendance and tardy sections of this Code as well as the suspension and expulsion provisions. Please note the attendance policies and their effect on other policies, such as sports eligibility, compulsory school age, and driving privileges. Parents/guardians should also take special note of information in Section II entitled "Public Notice", which includes, but is not limited to, your child's educational records, the release of directory information (i.e., Armed Forces) and possible participation in student surveys (i.e. Florida Youth Substance Abuse Survey).

The school needs your help and cooperation. When you have read and discussed the Code of Student Conduct with your son/daughter, please sign this sheet, remove it from the booklet, and return it to the school. This form will be kept in your son's/daughter's curriculum folder for the current school year.

The Madison County School District (MCSD) is not responsible for the supervision of students on school grounds until 30 minutes prior to the start of the regular school day or a scheduled event, or beyond 30 minutes after the regular school day or scheduled event. Please refer to your school's beginning and ending hours and arrange for supervision of your child accordingly. (1003.31, Florida Statutes)

Failure to return this acknowledgement will not relieve a student, or the parent/guardian of the student, from responsibility for knowledge of the contents of the Code of Student Conduct and will not excuse non-compliance by the student of the Code of Student Conduct.

A copy of the Code of Student Conduct has been received. Please mark your decisions in the two permission areas below and return a copy of the form to your child's school.
